

# Technical Sub-Committee

- ❑ Organize First Day morning Technical Sessions
  - ❑ Meeting attendees suggest new topics
  - ❑ Vote for next year's session (so Spring 2019 meeting chose this Spring 2020 technical theme "Mill of the Future" and we need to vote on a theme for Spring 2021 theme today)
- ❑ Remember that a "technical theme" must be broad enough to support 5-6 presentations
  - ❑ Smaller topics may make good Project presentations
- ❑ Advance volunteer speakers are always welcome!
- ❑ ***Fall 2020 = Pulp Washing***
- ❑ ***Spring 2021 = ??????***

- ❑ Topics suggested for themes from previous meetings:
  - ❑ Dealing with an Aging Pulp Mill - 5
  - ❑ Energy, Steam, & Water Use - 11
  - ❑ Safety / Best Practices for New Operators 1
  - ❑ Wood Yield - 5
  - ❑ Sustainability of Process and Controls Improvements - 14
  - ❑ Contaminants in Dilution/Filtrates/Water/Wood - 7
  - ❑ Recent Bleach Plant Trial Work & Best Practices - 13
  - ❑ Emerging or Pending Environmental Requirements and Climate Change - 7
  - ❑ Any Others????

## □ Top 2 Topics for Spring 2021 Meeting:

1) Sustainability of Process and Controls  
Improvements - 19

2) Recent Bleach Plant Trial Work & Best Practices –  
18

***Spring 2021 Meeting Theme = Sustainability  
of Process and Controls Improvements***
