PAPTAC IN 2011

We are pleased to report on a very positive outcome for PAPTAC in 2011. The many efforts put forth over the past couple of years have now resulted in a stronger positioning in several of the Association's core activities. Here are some of the highlights for PAPTAC in 2011:

- A stronger mill network and membership growth: 761 new mill members joined the Association, 1130 new members in total;
- The Association has continued to demonstrate stronger financial health with a third positive year in a row;
- Official launch of its new flagship peer-reviewed publication J-FOR (Journal of Science & Technology for Forest Products and Processes), succeeding JPPS and featuring a broad scope of themes dealing with science & technology in traditional as well emerging areas in forest industry advancement;
- Launch of a completely new and redesigned Website, providing further tools and a more user-friendly interface for its members;
- The successful organization the 2011 Int'l Mechanical Pulping Conference in Xi'an, China in collaboration with the Chinese Academy of Forestry and the Shaanxi University of Science & Technology;
- The Atlantic Branch resumed its activities after a 2-year break and held a successful Annual Conference;
- Launch the Canadian Mill Managers Community, providing a devoted network of exchange for mill managers across the country;
- Return of the tradeshow as part of the PaperWeek Canada program, showing signs of a stronger industry in Canada;
- Several National Awards were conferred to recognize contributions to the advancement of the industry in technical and scientific areas as well as leadership within the Association.
